CIRCULAR

Rc.No.SOW02/16021/129/2021-D1 Sec

Dt.19/05/2022

Sub	SWD-Jagananna Vidya/Vasathi Deevena Schemes-Pendency of applications of students at various levels - Need for a special drive to clear the pendency by May 31, 2022 for eligible students - Instructions - Issued.
Ref	Status in the jnanabhumi portal

There are various applications pending at different stages for 2021-22 academic year. The stages at which applications are pending are -

- Bio metric authentication of student is pending
- Secretariat verification no done so far
- Ineligibility in Six Step Validation (where students are not served notices of their ineligibility and they could not file objections so far due to this)
- CET not matched students (though they are convenor quota students)
- Pending at college login for OTA
- Pending at district login for OTA

The names of the students pending at various stages can be viewed from the JVD report in the district logins, by clicking on the department wise report for 2021-22.

There is need to close the processing of applications permanently for 2021-22 since the academic year is nearing its end in one, two months for majority of the courses. In all probability, the students are ineligible/drop outs and hence their applications are pending. However, there is need to conduct a drive to identify if there are eligible students existing among the pending applications and guide them to process their applications to eligibility stage before May 31, 2022.

Special focus may be placed on the applications which are identified as ineligible in May 2022 in six step validation.

Regarding complaints on urban property matched JVD applications, where students/parents say they don't have property, the following process can be

followed.

1). In Navasakam Beneficiary Management (NBM) login of GSWS, WEA or WEDPS can enter the adhar number of property owner shown in JVD ineligible list. The property details like assessment number, location, extent, will get displayed in NBM. It can be printed and given to the student as evidence of his ineligibility.

2). In case it is a case of wrong seeding (i.e adhar is wrongly seeded to someone's property) or property extent is less than 1500 sq ft, etc, student/parent can approach the respective ULB municipal commissioner and get it rectified in database of ULB.

After rectification in ULB, grievance has to be registered by WEA (through Digital Assistant) or WEDPS on behalf of student / parent in GSWS NBM portal. Then, such student will get the JVD payments in bi annual sanctions scheduled in June.

The above process of rectifying the data base in urban local body is ideal, so that the family will not face similar problem of ineligibility in future six step validations for any government scheme.

The existing process of filing objections in village/ward secretariats and getting it disposed of through MPDO/Municipal commissioners can also be utilised by the students/parents.

All the District SC Welfare and Empowerment Officers, District BC Welfare and Empowerment Officers, District Tribal Welfare and Empowerment officers and District Minority Welfare Officers are requested to conduct a drive through their college COs and secretariat COs for such pending applications of their tagged colleges, so that all eligible students get the releases in the bi-annual sanctions for missing/grievance eligible cases. This process may be completed by May 31, 2022.

Emphasis may be placed on disposal of applications of SC students on priority, since Government of India fixed May 31, 2022 as the last date for recommending the applications in online to their national portal for 2021-22 academic year.

All colleges are also requested to guide their students to complete the processing of pending applications of all community students, wherever they are regular to college and eligible as per norms.

Kati Harshavardhan Ias

Director

To

All the District SC Welfare and Empowerment Officers

All the colleges through respective College Coordination Officers

The Director, BC Welfare and Director, Tribal Welfare with a request to communicate the circular to their district officers for follow up action.

Copy to all the College Coordination Officers and Secretariat Coordination Officers through the concerned DSCW&EO/DBCW&EO/DTW&EO.

Copy submitted to the Secretary to Government, SW Department for information
