For

## Verification Officer Login (V.1.2)

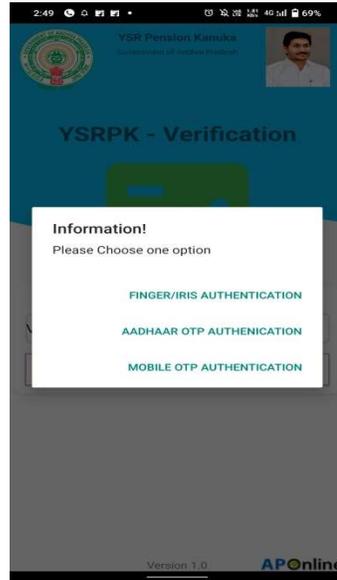

## Verification Officer Login Application

- This Application is developed to validate and verify the disabled pensioners, verification officer is responsible to capture and validate the disabled pensioners details .
- VO(Verification officer) user id's are created By MPDO respective logins (through YSRPK Web Portal)
- After VO ID creation, User (VO) install YSRPK- Verification Application

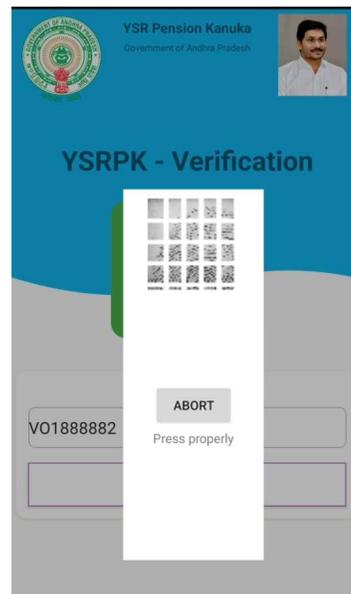

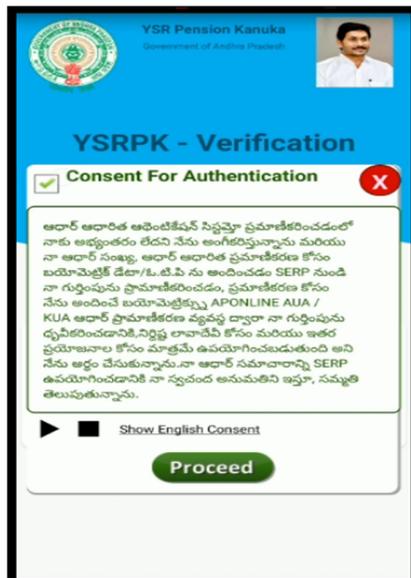

### **User (VO) Login:**

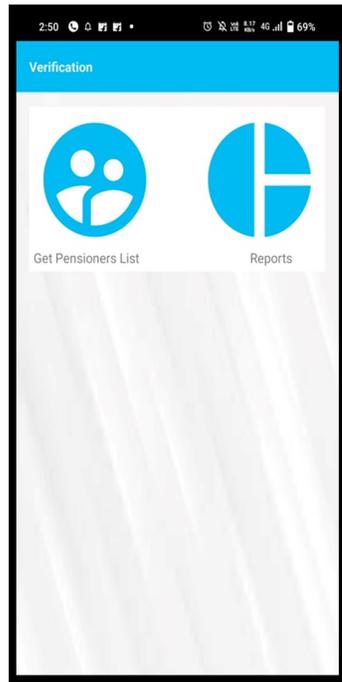

- Enter the Verification officer user id in the app login page and click on login button,
- Then app will show the mode of authentication options,
  - Finger / IRIS Authentication** : it means user can login through finger print/Iris authentication (Aadhaar authentication consent → Finger/IRIS authentication → if success then Login to home page or else failed)
  - AADHAAR OTP Authentication** : it means user can login by enter the OTP which is sent to the User Aadhaar seeded mobile number (Aadhaar authentication consent → Finger/IRIS authentication → OTP entry → If success then Login to home page or else failed)
  - Mobile OTP Authentication** : it means user can login by enter the OTP which sent to the User registered mobile number (OTP entry → If success then Login to home page or else failed)

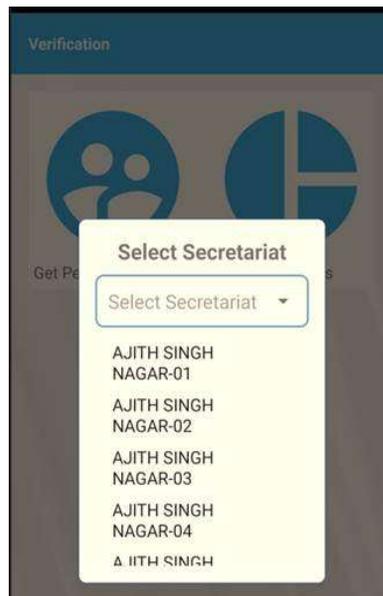

- After selecting the required type of authentication app will prompts for consent for authentication
- By Selecting consent and click on Proceed button, App will ask for fingerprint authentication

- After successful Finger print/IRIS/Mobile OTP/AADHAAR OTP Authentication below home page will be displayed

- By Clicking on ' Get Pensioners Details' icon, app shows VO mapped secretariat list, user need to select the required Secretariat name from given dropdown list

- After selecting the secretariat, app will displays disabled pensioner list (as shown below image)
