

**GOVERNMENT OF ANDHRA PRADESH
ABSTRACT**

HM&FW Department - Jagananna Aarogya Suraksha Programme II - Conduct of Health Camps at Village Health Clinics and Urban Ward Secretariats with effect from 01-01-2024 - Certain Guidelines - Orders - Issued.

HEALTH MEDICAL & FAMILY WELFARE (E1) DEPARTMENT

G.O.Rt.No.904

Dated:21-12-2023

Read the following:

1. G.O.Rt.No.688, HM&FW(E1)Department, dated:14-09-2023.
2. From the Director, Health & Family Welfare, Mangalagiri received through e-office bearing computer No.2200395.

ORDER:

Government is implementing numerous Health Schemes including new initiative of Family Doctor Programme with an aim to provide comprehensive Primary Health Care services at Village Level. Further the Government objective is that, all the health initiatives shall reach everyone with the concept of "leave no one behind" and 'leave no village behind'.

2. In order to achieve the goal of achieving "Aarogya Andhra Pradesh", under the able guidance of our Hon'ble Chief Minister the Jagananna Aarogya Suraksha (JAS) program was successfully completed for a period of 50 days benefiting over 60 lakhs people.

3. Under the programme, the CHOs/ANMs have visited 1,45,35,705 households in rural and urban areas and conducted 6,45,06,018 tests at their houses. 12,423 Jagananna Aarogya Suraksha health camps were conducted with OP attendance of 60,27,843 people and 1,64,982 patients were referred to Dr YSR Arogyasri network hospitals for further treatment free of cost.

4. All the patients referred from Jagananna Aarogya Suraksha camps are hand held by CHO/ANM and Arogyamitra of Network hospital to ensure they get good quality health care and treatment. The patients are being given Rs.500/- for transport and other expenditure. Entire process is monitored by an App till they reach back to their houses and ANM feedback on the quality of treatment and satisfaction of patient is recorded.

5. In continuation of the Jagannana Arogya Suraksha Programme and keeping in view of the outcomes in Jagananna Aarogya Suraksha programme, the Government has decided to continue "Jagananna Aarogya Suraksha Programme" from 01-01-2024, by conducting health camp with specialists in all villages/wards covering one village in every mandal and one or more wards in urban local bodies per week such that all Villages/wards will be covered in a period of every six months.

6. The Jagananna Aarogya Suraksha II programme will cover all households specifically targeting chronic patients, pregnant and lactating mothers, Neo-natal and infant care, adolescent health and persons with chronic diseases.

7. Through this programme, the Government intends to ensure that the health issues are not only identified at the door step but also addressed through the right treatment upon proper consultation and referral to the Arogyasri Network Hospitals. Responsibility will be entrusted to Family Doctor as well as the CHO/ANM for hand holding of the patients to ensure follow up consultation and making drugs available as per their need.

(P.T.O)

8. The programme is planned for implementation in three phases.

Phase I :

In phase I of Jagananna Aarogya Suraksha II, the Volunteer along with service minded people and people's representatives will visit door-to-door and will explain about Jagananna Aarogya Suraksha II camp, date of camp and venue details. The volunteer shall make door to door visits twice prior to the Jagananna Aarogya Suraksha Health camp. The first visit will be done 15 days prior to the camp date and will be focused on informing the camp venue and date of the camp. The volunteer again visits the house hold under their jurisdiction three days prior to conduct of camp to remind the households to ensure people make use of the services in the Jagananna Aarogya Suraksha II camp.

Phase II – Jagananna Arogya Suraksha Health Camp (D Day) :

Health camps shall be organized in the Village and Urban Ward Secretariats. One camp per mandal per week will be organized. The total mandals in the District will be equally divided to organize one camp on every **Tuesday** of the week in half of the mandals and on every **Friday** in the remaining half of the mandals. There by one camp shall be conducted in all mandals in rural areas every week.

In urban areas, the camps shall be conducted on **Wednesday** ensuring all urban secretariats are covered in 6 months period. The Citizens will avail consultation from the Medical Officers and Specialists on the day of the Health Camp. The doctors will examine the patients and prescribe necessary medication. Besides, if the patients require further treatment, they will be referred to secondary and tertiary care hospitals in both Government as well as Aarogyasri Network Hospitals.

In rural areas, the MPDO and the PHC Medical Officers will prepare Village Health clinic wise health camp plan. In the case of urban areas, the Municipal Commissioner along with the Municipal Health officer and the Medical Officers of UPHCs will do the planning ward secretariat wise health camps. The assistance of Red-cross and NSS volunteers will be organized for successful conduct of the camp.

In each Health camp, minimum 3 doctors and one PMOA will be present for consultation.

- o 1 PHC Doctor - the Family Doctor of the VHC/ should be present.
- o 2 Doctors preferably Gynecologists and Orthopedicians/General Physicians as far as possible from Aarogyasri Network Hospitals and other DME/DSH institutions will be mobilized.
- o One PMOA will be deployed for every health camp conducted in rural and urban areas.
- o Care will be taken to ensure Health services in the government facilities are not affected.

The Health Camp, in rural areas will be conducted preferably in school premises or any other building suitable for setting up camp with facilities for examination by the Doctors and in Urban PHCs or any other convenient building identified by the Municipal Commissioners in urban areas.

(Contd..p.3)

The success of the programme depends on the commitment of the key stakeholders at district and mandal level. The District Collectors should give necessary leadership for the programme and coordinate with all the key stakeholders. The GSWS staff shall be assigned duties for organizing the camp.

The camp should have the following counters:

- o Help Desk counter
- o Registration counter
- o Consultation counters
- o Vision examination counter
- o Drugs counter
- o Testing counter

The lab tests such hemoglobin estimation, Blood pressure, Random Blood Sugar test, urine tests, test tuberculosis, test for malaria and dengue test for fever cases will be conducted at camp site itself.

The citizens visiting the camp should not be inconvenienced at any cost. Proper arrangements of shamiana, chairs, drinking water, toilets and wheel chairs for needy patients shall be organized. The case sheet along with medicine and other material shall be given in a bag with proper branding of JAS.

Phase III: Follow up and hand holding of referral cases.

The Family Doctor, CHO and ANM of the village shall follow up on all referral cases recommended by the Doctors at the health camp to ensure the patient is handholded to visit Arogyasri Net work hospital and required treatment is provided. The Arogyamitra of the network hospital shall handhold the referred patients in registration, Investigations, Consultation by treating doctor, completion of procedure and safe discharge. The GGHS, District Hospitals and other Arogyasri network hospitals shall run a separate counter for facilitation of Jagananna Aarogya Suraksha referral cases. GGHS, District Hospitals shall appoint one medical coordinator for proper co-ordination of Jagananna Aarogya Suraksha referral treatment. It shall also be ensured that the patients with chronic illness get the follow up consultation and medicines free of cost. The provision in the App shall enable to know whether all the referred patients from the health camp got proper treatment and Arogyasri app shall contain a provision enabling the patient to raise the alert in case of requirement of medicines.
