National Rail and Transportation Institute (NRTI), has been envisaged as an avant-garde institution in the domain of transportation transport education. Both as an idea and a university, the Institute envisions to be a leader in transportation-focused applied education, training and research, by creating a resource pool of best-in-class professionals for the railways in particular and transportation sector in general. It needs no reiteration that being a university of first of its kind to shape empowered professionals in transportation domain, NRTI has been conceptualized to act as an engine for growth in transportation and logistics that would usher India into a country with new age modes of transportation.

With the basic infrastructure, governance and academic plan in place, the National Rail and Transportation University, Vadodara has been converted into an autonomous Central University called "Gati Shakti Vishwavidyalaya", through an act of the Parliament

As Indian Railways grooms NRTI, it also becomes the site for live and experiential learning; a laboratory for innovative entrepreneurship; and a new identity of skilling manpower for rail and transport sectors. This momentous initiative by Indian Railways has heralded a new age of rail or transport research. Based on experiential learning, multi-disciplinary research, and academia-industry interface, NRTI promises to help rewrite the destiny and future of Indian transportation. NRTI offers multi-disciplinary programmes, both at UG and PG levels, designed to cater to the needs of India's transportation sector. The Institute follows a demand-driven curriculum, while aligning with industry priorities. To ensure best-in-class delivery of education, the Institute follows a highly experiential and unique interdisciplinary pedagogical system that incorporates the latest technologies such as live classrooms and online programs and delivered by high-quality faculty with global exposure.

NRTI strongly believes that a dynamic faculty base is core to the making of an aspiring and ever happening academic institution. The current pool of faculty members has done their doctoral and post-doctoral research from various premier institutions in India and abroad. The Institute NRTI looks forward to recruit more of such faculty members to augment its projected critical intellectual resources. Keeping in consideration the goals and vision of the Institute, NRTI invites applications for the positions of Associate Professor and Assistant Professor.

#### Domain Areas and Positions:

Domain	Vacancies and Reservation	
	Associate Professor , L-13 A	Assistant Professor, L-10 A
